**Shri Ram Murti Smarak  
College of Nursing & Paramedical Sciences  
Unnao (U.P.) India**

## Our Inspiration

**Late Ram Murti Ji**

08.02.1910 – 02.10.1988

Shri Ram Murti Ji was veteran freedom fighter. He was so much impressed with the speeches, the logic and the sentiments of Gandhi Ji that he courted arrest while studying at Banaras Hindu University. He took part in all satyagrahs and Quit India Movement launched by A.I.C.C. under the matured and dynamic leadership of Gandhi ji. He was jailed several times during freedom struggle and sentenced Kaal Kothri for two months. He was a true Gandhian.

He completed his primary education at Bareilly. He then graduated from BHU, Varanasi and perused his Master & Law degrees from Lucknow University. He Learnt lesson of “Nisswarth Sewa” from Mahamana Modan Mohan Malviya and under his guidance practiced it with utmost devotion and determination. He also served as a volunteer at Allahabad Kumbh.

Shri Ram Murti Ji was member of U.P. Assembly from 1946 till 1977. In 1977, he represented Bareilly in the Lok Sabha. Ram Murti Ji served as Minister in the Cabinets of Pt. Govind Ballabh Pant, Dr. Sampooranad, Sri. C.B.Gupta & Mrs. Sucheta Kriplani for Nineteen years and always worked for the development of the state and country.

To promote green revolution in India he visited several countries like USA, Japan, England and Taiwan on agricultural missions of Govt. of India.

Ram Murti Ji declined to accept the pension offered to the freedom fighters, since he was of the conviction that whatever he did for the motherland was out of patriotism and not for material gains. In pursuance of the same patriotic spirit, he donated 30 acres of agricultural land in the “Bhoodan Movement”. He breathed his last on October 2, 1988 at Bareilly.

Such a great soul he was and a truly inspiring one!

## Chairman's Message

I feel pleasure in extending a very warm welcome on behalf of the Board of Governors as well as the whole SRMS family to the new aspirants seeking admission in this institute, for structuring their career in Nursing & Paramedical Sciences. We have clearly laid down our vision, mission and values and efforts shall be made to utilize the infrastructural facilities and intellectual capital to achieve these goals and values. It shall be our endeavour to prepare nurses and paramedics with a sound educational programme so that they may serve the institutions & patients with extra care and meet the basic health needs of the community.

We are conscious of the changing needs of society, hence, we shall emphasize on imparting education and training to the students beyond the prescribed syllabus to make them good human beings & professionals also. The curriculum will be flexible enough to keep pace with changes that take place from time to time in the field of nursing, patient care and paramedical Sciences.

We live and work together as a family unit and hope that your stay with us will be more comfortable, fruitful and memorable.

DEV MURTI  
Founder & Chairman

कांक्षन्तः कर्मणां सिद्धिम् यजन्त अिह देवताः ।  
क्षिप्रं हि मानुषे लोके सिद्धि र्भवति कर्मजा । ।

## Vision

- To be partner in building India a world leader in Medical Education & Health Care.
- To establish & develop world class self reliant institute for imparting Medical and other Health Science education at under-graduate, post-graduate & doctoral levels of the global competence.
- To serve & educate the public, establish guidelines & treatment protocols to be followed by treating hospitals.
- To develop and provide professionally qualified health workers for augmenting the nation's human resources through Bio-Medico-Socio-epidemiological scientific research.

## Mission

- To strive incessantly to achieve the goals of the Institution.
- To impart academic excellence in Nursing Education.
- To practice medicine ethically in line with the global standard protocols.
- To inculcate high moral, ethical and professional standards among students and to improve their overall personality as well as to inculcate compassionate behaviour.
- Our Students – Our Assets.
- Our Staff – Our Means.

## Values

*Integrity ▪ Excellence ▪ Fairness ▪ Innovativeness*

# GNM Programme

## Goal of the Programme

The goal of the programme is to provide education and sound training in the field of Nursing with an emphasis on Preparing Nurses/Health workers to meet the basic health needs of the community as well as to meet the requirements of emerging hospitals / nursing homes.

## Eligibility

The candidate should have completed 17 years of age on 31st December of the year in which admission is sought and the maximum age shall be 35 years and should have passed 10+2 or equivalent exam with minimum 50% aggregate marks along with minimum 40% marks in English. Preference will be given to Science students. Female & male candidates, preferably unmarried and medically fit, should apply.

## Selection Criteria

The students for the programme will be selected on the basis of the merit of 10+2 examination. The merit list will be published by the College management whereby applicants will be called for the counseling and will be allotted seats on the basis of the merit list and personal Interview. Minimum 5% seats are reserved for male candidates.

## Fee Structure :

Fee is charged as per the norms of the College in compliance to the guidelines prescribed by the regulatory body . Fee is to be paid by demand draft in favour of SRMS College of Nursing payable at Unnao.

# ANM Programme

## Goal of the Programme

The goal of the programme is to prepare skilled and effective female health workers to achieve the goals of National Rural Health Mission which aims at bringing about dramatic improvement in the health system and health status of the country.

## Eligibility

The minimum age for admission shall be 17 years on or before 31st December of the year in which admission is sought. The maximum age for admission shall be 35 years. The minimum educational requirements shall be 10 + 2 in Arts and other streams. ONLY passing out from recognized Board. Student shall be medically fit. Students qualified in 10+2 Arts or Science examination conducted by National Institute of Open School.

## Selection Criteria

The students for the programme will be selected on the basis of the merit of 10+2 examination. The merit list will be published by the College management whereby applicants will be called for the counseling and will be allotted seats on the basis of the merit list and personal Interview.

## Fee Structure :

Fee is charged as per the norms of the College in compliance to the guidelines prescribed by the regulatory body . Fee is to be paid by demand draft in favour of SRMS College of Nursing payable at Unnao.

# Aims & Objectives

## AIMS

The aim of SRMS College of Nursing is to prepare nurses with a sound educational program which is innovative and academically challenging in nursing to enable them to function as efficient members of the health care team & to assume responsibilities as professional and competent nurses in providing promotive, preventive, curative and rehabilitative services, who can make independent decisions in all nursing situations, protect the rights and dignity of individuals and groups in pursuit of health.

## OBJECTIVES

- To assume the role of caregiver, teacher, supervisor, manager and researcher in clinical and community health settings so as to face the growing global health care arena.
- To prepare professional nurses who would provide comprehensive health care skillfully in both rural and urban settings.
- To enhance the professional growth of graduates through ongoing education and self evaluation.
- To develop the leadership quality and decision making abilities to be practiced in various challenging situations.
- To participate as members of health care team in the preventive, promotive , curative and restorative health care delivery system.
- To develop effective communication skills and maintain good interpersonal relationship with patients and other health care workers.
- To imbibe and inculcate human values, ethical and moral principles while rendering nursing care.

OBG & Paediatric Lab

Advanced Nursing Skill Lab

# Philosophy

- Faculty believes in providing Nursing education built on scientific principles, sound educational theory and practice in order to prepare professionally qualified nurses, who will be able to function as a team member in all health care agencies.
- Recognizes the foundation on which nursing practice is built and develops the nurses for first level position in nursing both in Hospital and Community.
- Believes that the practice of nursing encompasses provision of preventive, promotive, curative and rehabilitative aspects of care to individual and family in all health care settings.
- Believes that nursing practice is based upon application of basic concepts of nursing and principles derived from physical, biological and behavioural sciences and medicine.
- Believes in providing education to those who have the potential and motivation to become educators, administrators, clinical specialists and researchers with the obstinate demands of the society, who will be able to contribute towards professional excellence by meeting the issues and challenges confronted by nursing profession today.
- Recognizes that nursing is a profession which is influenced by advances in life science and technology, hence our teachers strive to bring together the technical advancements into their teaching.
- Recognizes that nature of nursing is such that a substantial portion of student learning is acquired in the clinical area.
- Believes fulfilling responsibility towards student and society in order to impart nursing education such that it brings about all round development (with special emphasis on being intellectual, humane, psychological, cultural, moral and spiritual aspects) of a student as a nurse, an individual as well as a responsible citizen.

## Teaching Faculty

Our college is overwhelmingly rich with qualified faculty who are young experts in their respective fields and well-supported by experience. Our faculty is driven by the philosophy of knowing as to which resources are to be blended and in which proportion to mould each student's individual capacities to the optimum level. We are fully aware that high quality teaching plays a key role in inculcating a stance towards life-long learning. We impress upon the faculty members to be friend, philosopher, guide, counsellor and consultant of the students, besides the student-teacher classroom relationship. Moreover, they have been motivated to act as facilitators rather than disseminators and as such, they always upgrade their knowledge by learning through Seminars, Workshops, Quality improvement programmes and research activities.

# Teaching Methodology

Teaching methodology has been designed to inculcate conceptual and technical skills in students and is based on lectures, demonstrations, seminars, group discussions, practical training on patients etc. Efforts have been made to impart education and training through a methodology consisting of -

**Teaching Aids-** Modern scientific teaching is practically impossible without a gamut of teaching aids viz. overhead projectors (OHP), slide projector, LCD projectors, computer and internet, power point presentations etc. Our faculty utilizes these facilities liberally.

**Lectures** - Didactic lectures are delivered by experienced faculty to give an overview of different organ systems.

**Laboratory Demonstration** - These are held in the respective labs according to prescribed syllabus to develop psychomotor skills, ability to observe, verify and to reach on logical conclusions.

**Clinical Demonstration** - Clinical Demonstrations are given with an objective to develop technical skills in the students and to illustrate how to perform an act procedurally.

**Clinical Teaching** - Students are sent to the various wards and departments for developing better skills and have a direct interface with the patients which enables them to improve their nursing care, techniques and skills.

**Teaching through simulators** - Skill development lab has been developed considering the need for teaching through simulators. Here the trainer exposes the students for conducting specialised procedures on live like simulators before practicing on patients. A demonstration of various organs, nerves & senses given to the students through sophisticated software fitted mannequins.

**Tests and Viva-Voce** - Regular written/Practical/Viva-voce tests are taken to revise and reinforce the knowledge, hitherto

**Tests and Viva-Voce** - Regular written/Practical/Viva-voce tests are taken to revise and reinforce the knowledge, hitherto imparted to assess student's ability and effort in understanding the subject.

**Group Discussions** - These are held periodically in batches of 6-10 students, supervised by a faculty facilitator for clarifying doubts, sharing knowledge with fellow colleagues and teachers.

**Panel Discussion** - This training programme helps the students to be confident and gain the update knowledge. It provides a broad platform to the students to nurture their talent.

**Symposium** - Symposium is a type of socialized technique where as each of participants is expected to present a well reasoned argument or point at view the respect to the problem being discussed.

**Workshop**- A workshop is a meeting during which experienced and experts people to find the solutions of the problem and try to remove the work errors. This training programme helps to reach the aim of educational point and it improves learning activities.

**Student Tutorials/Seminars** - These include Assignments, poster making, write-ups, short orations to inculcate the spirit of self learning.

**Problem Based Learning** - We have also introduced problem based learning in batches of 6-10 students with an expert facilitator from the faculty.

**Field Trip** - These are organized to give the students training in natural environment by making them visit special departments, units in the hospital, outside agencies and community services.

**Student Development Programme**-The student development programme is organized for students over all development to enhance his/her communication skill, grooming, presentation and knowledge.

**Annual Cultural & Sports Event** - Every year a Cultural & Sports event is organized to developed and showcase extra curricular skills of the students. Various competitive events like dance, singing, rangoli, mehandi, art competition, drama, quiz, debate, Cricket, badminton, chess, table tennis, carrom, track & field are organized.

### *Cultural Event*

# Laboratories

**Nursing Foundation Laboratory** - Without a solid foundation one will have trouble creating anything of value. Our air conditioned Nursing Foundation lab enables the students to gain adequate knowledge regarding basic procedures through which the firm foundations of the fundamentals of nursing will be laid down. To nourish the foundation our spacious lab is well suited with patient many simulators on which students will be taught the preliminary training of patient care.

**Pre-Clinical Science Laboratory** - Pre-clinical Science lab provides comprehensive knowledge of microbiology, anatomy, physiology and biochemistry. This lab is designed with excellent infrastructure, equipped with various specimens, models, slides and charts. Therefore, the students can have more understanding related to the structure and physiological process of various organs and systems of the human body. This lab also helps in developing deeper knowledge and skills among the students which will help them applying it on clinical and theoretical grounds.

**Nutrition Laboratory** - Nutrition lab facilitates learning by providing the faculty and students with the settings, models, equipment and supplies necessary to develop skills regarding nutritious diet for a patient. Our college has state of art nutrition lab with all modern amenities for teaching therapeutic diet for the patients. Students get excellent training in nutrition and dietetics during their course of studies.

Nursing Foundation Lab

Pre Clinical Science Lab

Nutrition Lab

# Laboratories

**Computer Laboratory-** Our air conditioned computer lab is well suited and designed with latest computers with world class software enabling the students to match the pace of the world around them. All computer units share local area network.

Computer Lab

**Advance Skill Laboratory-** The advance skill lab aims at teaching and training students the essential advance nursing skills to provide overarching care for adult patients suffering from variety of disease conditions. It prepares nursing graduates qualified in the care of the adult patient according to the highest standards of nursing care. This lab also provide hands on learning experiences specific to course objectives as directed by the nursing curriculum.

Advance Skill Lab

**Community Health Nursing Laboratory-** Community Health Nursing lab is a miniature of community setting be it be a rural or urban. It is a stimulated home environment that allows nursing students to practice their community health skills in a life like scenario. Our CHN lab is therefore an extension and expansion of the ideal guidelines of nursing. It has all the necessary measures, equipments that will thereby help our students to face any challenges in the community.

Community Health Nursing Lab

**MCH Laboratory-** Maternal and Child Health lab provides comprehensive knowledge and it focuses on training of all the essential skills required to work and perform as able midwives. The infrastructure of lab is designed to help the students to learn the maximum within the four walls making all the necessary equipments and articles within their reach to later function well as a paediatric nurse or a midwife.

MCH Lab

**PARAMEDICAL**

## Courses offered

Shri Ram Murti Smarak College of Nursing & Paramedical Sciences offers following full time diploma courses :

	Annual Intake	Duration
1. Diploma in Physiotherapy (DPT)	30 Seats	2 yrs
2. Diploma in Optometry (DOPT)	30 Seats	2 yrs
3. Diploma in Operation Theater Technician (DOTT)	30 Seats	2 yrs
4. Diploma in C.T. Scan Technician (DCTT)	30 Seats	2 yrs

## Objectives of Paramedical Course

- Producing competent Paramedics who may meet the challenges in the field of Medicine.
- Updating the Paramedics with the global advancements in Science and Technology.
- Making the students recognise their ability for assuming various positions in professional organisations.
- Developing the sense of responsibility to participate in community services.
- Enhancing the knowledge of the students.
- Developing the overall personality, competence and ability of the students.
- Making trained and most skilled personnels to handle and take care of modern medical equipments.
- Efforts to accommodate our most skilled and efficient products in this institute.

# PROGRAMME

## Goal of the Programme

Programme has been designed taking into account all aspects related to health care, patient care, teaching and research. The goal of the programme is to produce high class paramedics who are aware & sensitive to health needs of the country and are capable to participate in preventive & rehabilitated aspects of the diseases & to educate the persons in the society and to keep abreast themselves with the continuing medical education.

## Eligibility

The candidate must have passed in 10+2 Intermediate examination with PCB or must have 35% minimum aggregate marks in case of PCM. The candidate should have completed 17 years of age on 31st December of the year in which admission sought. No maximum age limit for admission.

## Selection Criteria

The students for the programme will be selected on the basis of the merit of 10+2 examination and the entrance examination conducted by the institute. The merit list will be published by the college management whereby applicants will be allotted seats on the basis counseling and personal interview.

## Fee Structure

Fee is charged as per the norms of the College in compliance to the guidelines prescribed by the regulatory body . Fee is to be paid by demand draft in favour of SRMS College of Nursing payable at Unnao.

# Laboratories

## Diploma in Physiotherapy (DPT)

- Waxbath Room
- Electrotherapy Lab
- Exercise Therapy Lab
- Therapeutic Massage Lab
- Rehabilitation Lab
- Occupational Therapy Lab

## Diploma in Optometry (DOPT)

- Refraction Lab
- Refractometer/Kerotometer Room
- Orthoptics Lab
- Lens making workshop
- Laser and Angiography

## Diploma in CT Scan Technician (DCTT)

- Ultrasound
- 256 Slice (128x2) Dual Source CT Scan
- 3.0 TESLA & 0.2 TESLA MRI Lab
- C-Arm

## Diploma in Operation Theatre Technician (DOTT)

- Well equipped Operation Theatres
- Cath Lab for Interventional Cardiology

# Course Curriculum

## Diploma in Physiotherapy (DPT)

### 1st Year

#### 1st Paper

- General Anatomy & Physiology  
(Cytology, Histology, Osteology & only basics of all organ system of body)
- Only basics of relevant pathology, pharmacology & Microbiology

#### **Practical**

#### 2nd Paper

- Detailed Anatomy of bones, muscles, joints, nerves of body.
- Basics of exercise therapy, electrotherapy, physics used in physiotherapy, biomechanics & Kinesiology
- Hand hygiene & prevention of cross infection.
- Basic life support (BLS) & Cardio pulmonary resuscitation (CPR)

#### **Practical**

### 2nd Year

#### 1st Paper

- Only relevant surgical & medical conditions  
(relevant to Physiotherapy but other than Orthopaedics and Neurological systems)
- Nursing procedures like vital recording, IM/IV/SC injection, Oxygen therapy, Nebulization, IV infusion

#### **Practical**

#### 2nd Paper

- Physiotherapy in Orthopaedics, Neurological, Medical, Surgical & Sports related conditions.
- Drugs used in Physiotherapy & BLS
- Basic biomedical engineering physics of machines used in physiotherapy.

#### **Practical**

# Course Curriculum

## Diploma in Operation Theatre Technician (DOTT)

### 1st Year

#### 1st Paper

- Anatomy, Physiology, Pathology, Microbiology & pharmacology.

#### 2nd Paper

- Surgical Anatomy & Basics of O.T. Techniques.

#### **Practical**

### 2nd Year

#### 1st Paper

- Relevant medical & surgical diseases.

#### 2nd Paper

- Practical O.T. Techniques & CSSD Techniques.

#### **Practical**

## Diploma in Optometry (DOPT)

### 1st Year

#### 1st Paper

- Anatomy, Physiology, Pathology, Microbiology & pharmacology.

#### 2nd Paper

- Ocular Anatomy & Physical, Physiological Optics.

#### **Practical**

### 2nd Year

#### 1st Paper

- Disease of eye

#### 2nd Paper

- Mechanical optics & Ocular Pharmacology

#### **Practical**

## Diploma in CT Scan Technician (DCTT)

### 1st Year

#### 1st Paper

- Anatomy, Physiology, Pathology, Microbiology & pharmacology.

#### 2nd Paper

- Basics of Radiography & CT Techniques & radiological anatomy.

#### **Practical**

### 2nd Year

#### 1st Paper

- Relevant medical & surgical disease.

#### 2nd Paper

- CT Scan: Tools & Techniques

#### **Practical**

## Merit Scholarships

Late Shri Ram Murti ji was a great source of inspiration for the students particularly the meritorious but economically weak. Therefore, the Trust decided to offer financial help to economically weak but meritorious students from the day of its inception. Initially in 1990, such help was limited to only 10+2 and undergraduate students. Later on such scholarship was extended to the students pursuing professional, technical, medical, nursing and paramedical courses in institutions run by the Trust. The year 2007 was the turning point when Trust decided to distribute Scholarships of RUPEES THREE CRORE each year to meritorious students of institutions run by the Trust.

The Scholarship proposed every year for the meritorious students of nursing courses by the trust is as follows:

### For GNM/ ANM

- Shri Ram Murti Smarak Trust Scholarship of Rs. 91,000/- for securing 91% or more than in Board Exam.
- Shri Ram Murti Smarak Trust Scholarship of Rs. 30,000/- for securing between 85% to 90% in Board Exam.
- Shri Ram Murti Smarak Trust Scholarship of Rs. 20,000/- for securing between 80% to 84% in Board Exam.

### For Paramedical

- The Scholarship proposed every year for the meritorious students of Paramedical courses by the trust is as follows
- Shri Ram Murti Smarak Trust Scholarship equivalent to thousands of % secured in board exams for securing more than 86% of marks.
- Shri Ram Murti Smarak Trust Scholarship of Rs. 25,000/- for securing 85% marks in board Exam.
- Shri Ram Murti Smarak Trust Scholarship of Rs. 25,000/- for securing more than 80% to 84% in board Exam.
- Shri Ram Murti Smarak Trust Scholarship of Rs. 20,000/- for securing between 75% to 79% in board Exam.

## Teaching & Training Hospital

SRMS Multi speciality Hospital and Trauma centre, Unnao has most modern 160 bed, centrally air-conditioned, Multi Super Speciality, Tertiary Care and a Trauma Hospital established in 2018. The Hospital has 160 teaching beds for teaching & training of students pursuing Nursing & Paramedical. The Hospital is well equipped with facilities to provide quality teaching & training to the students in various departments. Students during their clinical training are exposed to variety of patients so as to make them competent in the field of medicine. During their training students are also exposed to behavioral & managerial skills required in today's world for becoming a complete medical practitioner. 28 years legacy of SRMS Trust will further enable the students to have an exposure to world class technologies and facilities at 950 bedded multi super speciality tertiary care hospital and trauma centre Bareilly.

The hospital is proud to have trust in the society in providing quality medical care to the patients coming from Unnao District and nearby districts. The hospital is running various programmes of National Rural Health Mission (NRHM) like Free Cataract Surgery Programme under DBCS, Free deliveries under Saubhagawati Matratva Suraksha Yojna, Tuberculosis Programme under RNTCP, Leprosy Programme, Child Immunization Programme, Family Planning Programme and others. The hospital actively participates in cause for Polio eradication.

## Casualty

The Hospital has a 24 hrs Casualty ward and has expertise in Trauma Management with an expert team of physicians & surgeons. It has the facilities of 20 beds, Treatment Room, Minor OT & Major OT Complex with all necessary equipments for handling emergency like Ventilators, Cardiac Monitor, Mobile X-Ray, Pulse Oxymeters, Defibrilators, ECG machines etc.

## O.P.D.

The OPD is planned in a modular pattern with each department having Consultation Chambers, Reception, Waiting Area , Case Demonstration Room and other necessary laboratories and clinics as required in each department. The OPD timing is from 9.00 am to 2.00 pm and the consultation with the Doctors is free of charge.

## Inward

The hospital has good infrastructure and building having 160 beds for the department of Medicine, Paediatrics, Psychiatry, TB Chest, Dermatology, Surgery, Orthopaedics, ENT, Ophthalmology & Obs. & Gynaecology. Further the hospital has centrally air-conditioned Surgical ICU, Medical ICU, ICCU, NICU, PICU, Semi Private Ward, Private Wards & Deluxe Wards. All Wards have nursing stations, Doctor Duty Room, Pantry, Teaching Area, Examination Room, Toilets for patients & staff and sufficient waiting hall for attendants.

## Critical Care

Critical Care Medicine department is a 15 bedded critical care unit, with nurse to patient ratio of one, for patients on ventilators and those requiring invasive monitoring. Its two main objectives are excellence in Critical Care and training of future specialists in critical care medicine. A didactic training program based on the core curriculum for trainees in Critical Care Medicine complements extensive clinical experience. To achieve its goals, the department is rich with following facilities :

- 24 hours X 7 days Consultant Critical Care Supervision.
- Advanced monitoring system for Cardiac Hemodynamics including Flow Trac, Respiratory, Neurological and other factors of homeostasis.
- Protocols of critical care formulated and implemented as per ISCCM & ESICM guidelines.
- Bed side Arterial Blood Gas Analysis.
- Facilities for imaging i.e. X-ray, Ultrasonography, Echocardiography, Peripheral Doppler.
- Haemodialysis (including CRRT), Endoscopy and Video-Bronchoscopy at bedside.
- Microprocessor controlled ventilations to provide ventilatory support to both adults and children.

## Advanced Imaging Center

With the acquisition of the latest state-of-the-art 256 Slice (128x2) Dual Source Siemens Somatom Definition Flash CT Scanner, our hospital has added a feather in its cap as only 4 other such machines exist in the country. The equipment from Siemens was installed in the month of September, 2011.

The following are the advantages of this machine

- Coronary Angiography (in 1 Second)
- Cerebral Angiography
- Peripheral Angiography
- Triple phase Liver studies
- Perfusion studies of Brain, Liver etc.
- Characterisation of Renal Stones
- Virtual endoscopy, bronchoscopy
- Lower radiation to the patient as compared to older machines
- Faster scanning time
- Increased diagnostic accuracy due to Multi planer Imaging

The Department also undertook a study on Liver ARFI (Acoustic Radiation Force Impulse) values in Indian population in the month of November. This study is invaluable in assessing patients of Liver diseases such as Cirrhosis of liver. Purchase of Siemens Acuson 2000 USG Scanner is being planned for this purpose.

## R.R. Cancer Institute & Research Center

Ram Rakhi Cancer Institute & Research Centre (RRCI & RC) had a humble beginning on 30<sup>th</sup> September 2008. Functioning under the auspices of Radiotherapy Department, it is equipped with High Energy Linear Accelerator with Multi-leaf Collimators and 30 channel HDR Selectron Brachytherapy equipment with Allenger's C-arm.

The department is providing state of art Radiotherapy treatment techniques like 3D-CRT for various cancer patients. Besides this, there is an exclusive ward with well-trained nursing staff for giving chemotherapy. The mission of this Cancer Institute is to develop a comprehensive protocol based cancer treatment to all the patients with the support of different clinical departments especially ENT, gynecology and General Surgery.

The department is also focused to make general awareness in public about prevention of this deadly disease. Starting with 2 patients a day, the Department now is treating more than 40 patients every day in a very short span of 3 yrs. RR Cancer Institute is the second such institute in Uttar Pradesh and Uttarakhand, providing state of the art facilities in the field of cancer.

## Cath Lab

Henry Ford once said, “Coming together is a beginning, keeping together is progress, working together is success.” This concept of teamwork in the cath lab is the guiding principle and the foundation of day to day activities, and it is the main reason for the outstanding success it has achieved.

The cardiac catheterization laboratory is busiest department in the hospital and has emerged as a premier centre delivering an extraordinary range of clinical and research services to patients suffering from a variety of cardiovascular ailments with a goal of providing the best cardiovascular care.

The system of established standard protocols, rigorous attention to minute details and strong sense of teamwork has helped us to achieve the best interventional outcomes in this region. We have continued to improve our outcomes each year, with unprecedented extremely low procedural complications in 2010-2011. This remarkable growth has been achieved despite high case complexity and incidence of comorbid medical conditions.

# Hospital Services

## Pharmacy

There is round the clock pharmacy where practically all types of quality medicines of good reputed companies are available at a very reasonable price. The trust runs a 'Free Medical Shop' for patients where WHO prescribed drugs are provided free of cost.

## Ambulance Services

SRMSIMS provides round the clock ambulance services to critically ill patients. The ambulances are fully equipped with gadgets for cardiac monitoring, invasive and non-invasive BP monitoring and ventilator support. An ICU trained Doctor, nurse and healthcare assistant accompany the patient during the transit period.

## C.S.S.D.

The Hospital has a Central Sterilization Department having vertical & horizontal sterilization machines that caters to all the requirements of Wards, OPD's, Casualty and others.

## Central Gas Plant

Hospital has a Central Gas Plant which supplies Oxygen, Nitrous Oxide and Air through Central Pipe Line to all the wards, OT, I.C.U., N.I.C.U. , P.I.C.U. and Emergency.

## Operation Theatre

The Hospital has a Central O.T. Complex. The Theaters are well equipped with equipments such as Micro-scopes, Modern O.T. Light, C-ARM, Laproscope & Endoscope for all kinds of Laproscopic and Endoscopic Surgeries. It has a wide range of instrumentation to carry out simplest to complex surgeries. There is a separate sterilization Unit for O.T.

## Mess

The Hospital has Central Mess which provides special and normal diet to the patients and to the hospital staff at very concession rates. The Mess maintains a high level of Hygiene while preparing & serving the meals. A special lift has been provided in the hospital to transport the meals to different wards.

## Laundry

Hospital has a fully Automatic Laundry catering to the need of wards, patients, doctors, students and staff.

## Campus Amenities

**Transport** - The Institute provides a regular transport services between campus and the city. Institute buses are available to the students and faculty members for commuting from various points in the city to the Institute and back.

**Suvidha Departmental Store** - On campus, a small super market with all sorts of household items available at nominal prices.

**Temple** - Lord Radha Mohan & Lord Shiva Temples situated in the college campus creates a spiritual feeling in the inhabitancy of the campus.

# About SRMS Trust

SRMS Trust was founded by Shri Dev Murti Ji with an objective to provide and promote education and research in the fields of Engineering & Technology, Medicine, Humanities, Nursing, Paramedical Science, Management, Pharmacy and Law .

## Neil Armstrong's words

**“One small step—one giant leap for mankind”  
came alive, with the foundation of SRMS Trust.**

The aim of SRMS Trust is the up–liftment of the masses through:

- **Promoting social values.**
- **Promoting technical and professional education.**
- **Promoting Health & Medical Education**

Under the visionary zeal and guiding principles of Shri Dev Murti, Founder & Managing Trustee, the trust has grown in multifold and has completed 28 years. SRMS Trust internationally & nationally is a renowned organisation running premier educational institutions and hospitals in India.

## EDUCATIONAL SOCIAL SERVICES

- Samudaik Sewa Yojana – A skill development programme.  
(Free Vocational Training to economically & socially backward youth in X–Ray, ECG Technician, Computer Hardware & Software, Machine Fitting, EPBX, Plumbing and Electrical repairs etc.)
- Future Class Room – Free computer literacy program for the empowerment of youth
- Mobile Smart Class Room – Free adult education programme.
- SRMS Charitable School, Unnao – Free quality education in english medium provided upto 10th standard to under privileged children through smart class room.

## MEDICAL SOCIAL SERVICES

- SRMS Hospital on Wheel – Providing door to door screening & treatment of blindness, deafness, diabetes, T.B., malnutrition hypertension, cancer & support services for Healthy Mother & Healthy Baby.
- SRMS Janhit Chikitsa Yojna for free treatment of six patients per day
- SRMS Samudayik Swasthya Yojna at Rs. 365/– per year for the treatment upto Rs. 25,000/– for the couple.
- Free pharmacy for OPD and IPD patients
- Free 400 beds in SRMS Hospital
- Cataract Eradication Programme
- Govt. Health Programmes under NHRM
- Free Rural & Urban Health Camps
- Telemedicine Centre

## SCHOLARSHIP

- Scholarship worth Rs. Two Cores to the meritorious students of Trust's institutions.
- All India Talent Scholarship of Rs. 50 Lakh to 50 talented students in Premier Institutes of India.

## COMPETITIVE ACTIVITIES

- Debate, Story Writing & Drawing competitions since 1990
- Ram Murti Pratibha Alankaran Award – Recognition of eminent personalities with the Ram Murti Pratibha Alankaran Award & Rs. one lakh in cash.
- All UP Table Tennis championship every year.
- Cricket tournaments for various age groups from 14 years to 23 years.

## HEALTH CARE SERVICES

- 950 Bedded Multi Specialty, Tertiary Care & Trauma Centre, Bareilly
- R R Cancer Institute & Research Centre, Bareilly
- SRMS Functional Imaging & Medical Centre, Lucknow
- SRMS Multi Speciality Hospital and Trauma Centre, Unnao
- SRMS Goodlife (A wellness Centre), Bareilly
- SRMS Hospital, Lucknow \* (Starting soon)
- SRMS Step 2 Life (A Rehabilitation Centre), Lucknow \* (Starting soon)

## INSTITUTIONS ESTABLISHED & RUN BY THE TRUST

- SRMS College of Engineering and Technology, Bareilly-1996
- SRMS College of Pharmacy, Bareilly-2000
- SRMS Institute of Medical Sciences Hospital, Bareilly-2002
- SRMS Institute of Medical Sciences, Bareilly-2005
- SRMS School of Nursing, Bareilly-2006
- SRMS College of Engineering and Technology & Research Bareilly-2008
- R.R. Cancer & Research Centre, Bareilly-2008
- SRMS Institute of Paramedical Sciences, Bareilly-2011
- SRMS International Business School, Lucknow-2011
- SRMS College of Engineering & Technology, Lucknow-2011
- SRMS Charitable School, Lucknow-2015
- SRMS Functional Imaging & Medical Centre, Lucknow-2015
- SRMS Telemedicine Centre, Dhauratanda, Bareilly – 2015
- SRMS Future Classroom, Dhauratanda – 2016
- SRMS College of Nursing, Bareilly – 2018
- SRMS College of Law, Bareilly – 2018
- SRMS College of Nursing & Paramedical Sciences, Unnao – 2018

## COURSES OFFERED

- MBBS, MS/MD (in all pre, para and clinical departments)
- ANM, GNM, B.Sc (Nursing)
- Bachelor Degree & Diploma in Paramedical
- B.Tech, M.Tech, MCA, MBA, PGDM
- B.Pharm, M.Pharm, Law
