Shri Ram Murti Ji was born on February 08, 1910 in a renowned zamindar family from the lineage of Sahu Thakur Dass at village Dhaura of District Bareilly. After attaining the basic education from Bareilly, he completed graduation from Banaras Hindu University and thereafter did Post Graduation and LL.B. from Lucknow University.

Being impressed with the philosophy of Gandhi Ji and inspired by the thoughts of Mahamana Pt. Madam Mohan Malviya he courted arrest while studying in Banaras Hindu University. He took part in all Satyagrahs and Quit India Movement launched by AICC under the mature and dynamic leadership of Gandhi Ji. He was a true Gandhian. He was imprisoned several times during freedom struggle and was sentenced Kal Kothri for two months.

Shri Ram Murti Ji declined to accept the pension offered to the freedom fighters, since he was of the conviction that whatever he did for the mother land was out of patriotism and not for material gains. In pursuance of the same spirit he donated 30 acres of agricultural land in the Bhoodan Movement of Late Shri Vinoba Bhabhe. He breathed last on October 02, 1988.

"Such a Great Soul – A Truly Inspiring One"

Shri Dev Murti Ji
Founder & Managing Trustee, SRMS Trust

SRMS

On behalf of SRMS, I would like to congratulate the staff, the students, and all the others directly and indirectly associated with SRMS Trust for the successful completion of more than three decades.

Late Shri Ram Murti Ji was a great source of inspiration for the students particularly the meritorious but economically weak. Therefore, the Trust decided to offer financial help to economically weak but meritorious students from the day of its inception. Initially such help was limited to only 10+2 and undergraduate students (1990). Later on, such scholarship was extended to the students pursuing Professional, Technical and Medical courses in the institutions run by the Trust. The year 2007 was the turning point when Trust decided to distribute Scholarships of ₹ 3.5 CRORE annually to meritorious students of institutions.

We, at SRMS, strive to become the front runner in the field of education in India by attracting and nurturing the best talent and providing them a platform where they can strengthen and grow their core competencies and build their career as world-class professionals.

We are creating an educational hub that would not only provide opportunities to the talented students of Uttar Pradesh, but would also attract the best talents of different states of India.

We also advise the parents that the greatest gift to their child is to be a caring, supportive and understanding parents. The children who are benefitted with positive parenting grow up with right qualities and get-ahead in life.

May the Almighty shower His blessings on all of us and give us the strength to face all the challenges that come our way!

ACHIEVEMENTS OF STUDENTS

The project titled **"DESIGN AND DEVELOPMENT OF DEEP IMPLANTABLE DIELECTRIC RESONATOR ANTENNA FOR WIRELESS BODY AREA NETWORK IN ANIMAL"** has been selected for the 2 months of training cum workshop under the RKVYRAFTAAR program at IVRI RABI. The ICAR-Indian Veterinary Research Institute through its IVRI- पशु विज्ञान Incubator, which is one of the India's premier Animal Science incubator for development of start-ups is implementing the programme "NAVODAYA" (Agripreneurship Orientation Programme).

Project Description

This project proposed the design and development of a deep implantable dielectric resonator antenna for wireless body area networks in the animal. This miniaturized, low- profile, implantable antenna will act as a front-end device in a biosensor for sensing and targeted medication delivery.

Project Description

This project proposes an integrated waste management system to quantify costly metal from a discarded printed circuit board through a base metal secondary hydrometallurgical operation process. The aim is not to focus on the recycle of e-waste but also to extract precious nano-particles via an eco-friendly and sustainable method.

The project titled **"TO DESIGN AND DEVELOP A MISSION COMPUTER FOR EARLY WARNING SYSTEM (EWS) IN AVIATION AND DEFENSE TECHNOLOGY"** won Bronze medal and a cash prize of Rs. 3000.00 at the Indian Institute of Technology, Delhi in the competition 'PURSUIT', sponsored by Boeing, FIIT, and SIC-IIT Delhi in Oct 2023.

The sister project titled 'Mission Computer' cleared first round in the Action Plan'23, ABHYUDAY at the Indian Institute of Technology, Bombay in Nov 2023.

Project Description

The objective of the project is to create an 'Integrated Safety Monitoring System' for Aerospace and Defense Industry, focused on early warning and control. This 'Mission Computer' will continuously monitor the evolving flight environment, ensuring the seamless coordination of the Human-Machine-Environment triad.

ACHIEVEMENTS OF STUDENTS

The project titled **"ROVER EXPLORATION FOR CHANDRAYAAN 3 MISSION"** is selected for the next round of "ISRO Robotics Challenge Competition 2024" hosted by URSC Bangalore.

Project Description

This project's originality lies in the revolutionary fusion of LIDAR and stereo camera technology, which elevates the autonomy of space rovers to unparalleled levels. The innovative method combines the advantageous features of LIDAR and stereo cameras using ML/AI technologies for creating a mutually beneficial connection that improves perception, mapping, and decision-making abilities.

The concept of "Make in India" aligns with fostering domestic manufacturing and self-sufficiency. The ISRO (Indian Space Research Organization) visionary project to build components in India is a strategic move that supports this initiative. By developing technologies, India aims to enhance its technological capabilities, reduce dependency on external sources, and promote the growth of its space industry.
