TIME TO CARE YOUR FAMILY'S HEALTH

The quick changing geographical reasons has resulted into many complex medical ailments, thereby demanding more health care and time to time checkups to keep yourself fit. Considering these aspects SRMSIMS has initiated various innovative health check-up programmes since starting which are aimed at providing comprehensive Health Check-ups and screening with specialists opinion.

These Health Check-ups programmes enable screening of each organ closely to detect even the smallest symptom, that could be an indication of a major disease and provide the correct diagnosis. This is because PREVENTION is always considered better than CURE.

SRMSIMS had earned a reputation for itself in the past 16 years as a super speciality hospital. It not only provides complete guidelines for a healthy LIFESTYLE but also complete health check-up in a coordinated manner under one ROOF.

PREVENTION IS CURE

PRIOR INSTRUCTIONS FOR HEALTH CHECKUP

- Kindly take an appointment before coming for health check-up
- You must report at the hospital reception counter latest by 9.00 a.m. where you will be received by our staff.
- Please bring your previous health reports, if available.
- Fasting means that you do not eat or drink anything (except plain water) after 10:00 p.m. on the night before your check-up
- Before reporting at the hospital for your health check-up please ensure that you take your regular morning medication, if any
- The health checkup charges have to be deposited at the time of registration
- Any other tests which are not included in the package will be done at extra cost as per the hospital rate list
- Any medicine prescribed by our consultant during health checkup will not be the part of health check-up programme, and to be purchased at your cost.
- Pregnant ladies or if suspecting pregnancies, intimate our staff at the time of reporting
- Breakfast / lunch is the part of our health check-up programme.
