Named after the legendary tiger hunter turned naturalist Jim Corbett, the proud destination 'Jim Corbett National Park' was the first national park of India, which was established in 1936 in the hill state of Uttarakhand in Northern India. It is one of the most famous wildlife destinations in India, visited by several wildlife enthusiasts who want to catch the glorious sights of the Indian tigers.

It is home to approximately 110 tree species, 50 mammals' species, 580 bird species, and 25 reptile species that are found both in the lower and higher regions of the park. The geographical location of this place that encloses streams, rivers, and ridges crisscrossing the terrain, makes Jim Corbett National Park a perfect habitat for numerous plant and animal species. There are 2 safari (Jeep Safari & Elephant Safari) options at the Jim Corbett National Park.

NAINITAL: Situated amidst Kumaon Hills and blessed with beautiful lakes Nainital has earned the epithet of “Lake district of India”. It is known as paradise for tourists because of its beautiful landscape and serene surroundings. The other tourist attractions are Raj Bhavan, Zoo, Naina Devi Temple, Bhimtal, Sattal, Naukuchiatal and Khurpatal.

RANIKHET: Ranikhet, widely known as “Queen's Meadow” is a scenic hill station of Almora district. According to folklore, Queen Padmini of Kumaon region once visited the town.
