ORGANIZING CHAIRMAN

Message

Dear Colleagues & Friends,

It gives us immense pleasure to announce that the Nephrology Unit, Department of Medicine, Shri Ram Murti Smarak Institute of Medical Sciences, Bareilly is organizing 1st Nephrology CME, which is going to be held on 11th-12th March 2023.

The theme of the Update is "Renal diseases and electrolytes". The CME will be a meaningful event, bring together leading nephrology experts and contribute to a better understanding of current trends in diagnosis & treatment of various Renal diseases and electrolytes abnormalities.

On behalf of the organising committee, we request you to register as delegates and we ensure that your experience will be professionally rewarding.

We look forward for your gracious company in Bareilly on 11th-12th March 2023 & we promise to welcome you with amazing hospitality and warmth.

With best regards!

ABOUT THE INSTITUTE

Shri Ram Murti Smarak Institute of Medical Sciences, Bareilly, a mission conceptualised in year 2002 is the most modern 1000 bedded multi super speciality and tertiary care hospital and a recognized medical college, catering for health needs in a radius of 250 kms of Bareilly zone reaching up to farthest border towns of Uttarakhand & Nepal. The Medical College (recognized by Ministry of Health, Govt. of India and approved by National Medical Commission of India, New Delhi) offers Undergraduate (M.B.B.S.) and Postgraduate (M.D./M.S.) courses.

ABOUT THE DEPARTMENT

Having the distinction of being one of the oldest super speciality units in the institute, Nephrology has been in a state of steady progress. Always improving, the department successfully runs the busiest dialysis centre in the region catering to a wide variety of patients from all walks of life.

Ever ready to provide services, the department is always well received by one and all. Managing the dialysis centre in the institute is a cohesive and dedicated team of doctors, technicians and nursing staff. Unit is managing every aspect of kidney disease and is intensively involved in all procedures of interventional nephrology including kidney biopsy, placement of temporary as well as permanent vascular catheters (PERMCATH), AV fistula and CAPD catheter placement, plasmapheresis and paediatric dialysis. All the latest modalities of treatment are being offered at exceptionally low cost to the patients. Recently, department has started renal transplant services also including ABO compatible, ABO incompatible, SWAP and high risk renal transplant. All modalities of dialysis including SLED, CRRT, APD, CAPD are available in the department.
