PROFESSIONAL SUMMARY

Aspiring Full Stack Developer skilled in the MERN stack and AI API integration, with experience in building responsive web applications, REST APIs, and cloud deployment. Passionate about delivering scalable, user-friendly solutions.

EDUCATION

- **B.Tech – Computer Science & Engineering** 2022 – 2026
Shri Ram Murt Smarak College of Engineering Technology & Research, Bareilly
- **Intermediate (Class XII)** 2021
B.L International School, Bareilly (CBSE)
- **High School (Class X)** 2019
B.L International School, Bareilly (CBSE)

WORK EXPERIENCE

Techvison Technology — Full Stack Developer (Intern) Aug 2025 – Sep 2025

- Developed and maintained features using React.js (Hooks, Components) and Tailwind CSS.
- Created REST APIs with Node.js and Express; integrated MongoDB for data management.
- Implemented JWT authentication and error handling for secure operations.
- Collaborated using Git/GitHub in an Agile team environment and deployed projects on Netlify/Vercel.

Softpro India Computer Technologies Pvt. Ltd. — Software Development Intern Sept 2024 – Nov 2024

- Built a full restaurant web app using the MERN stack with responsive UI and JWT authentication.
- Deployed production-ready applications on Vercel and Netlify.

PROJECTS

- **QuickBlog Platform** | link | MERN + Gemini AI API Aug – Sep 2025
Developed an AI-assisted blogging platform that generates intelligent blog drafts using Gemini AI. Integrated Context API for global state management, built reusable React components, and styled the interface with Tailwind CSS. Deployed the application successfully on Vercel.
- **Restaurant Management System** | link | MERN + Tailwind CSS Nov – Dec 2024
Created a role-based restaurant web application for managing menus, orders, and reservations. Implemented secure authentication using JWT, designed an admin dashboard for data control, and built a responsive interface with React and Tailwind CSS.
- **AI Image Enhancer** | link | React + Tailwind + PicWish API Mar – Apr 2024
Built a real-time image enhancement web app integrated with the PicWish API. Implemented image upload and preview functionality using React hooks and deployed the live version on Netlify for public use.

TECHNICAL SKILLS

- **Programming:** JavaScript, Java, C
- **FrontEnd:** React.js, Next.js HTML, CSS, Bootstrap, Tailwind CSS
- **BackEnd:** Node.js, Express, REST APIs
- **Database:** MongoDB, MySQL
- **Tools:** Git, GitHub, VS Code, Postman
- **Soft Skills:** Leadership, Agile methodologies, Team Collaboration, Problem Solving

ACHIEVEMENTS & CERTIFICATIONS

- **Full Stack Development** – Techvison Technology
Completed comprehensive training covering front-end, back-end, and database technologies. Jun – Aug 2025
- **MERN Stack Development** – Softpro India Pvt. Ltd.
Hands-on training in Full-Stack Development (MERN with Bootstrap) with real-world projects. Sep – Nov 2024
- **Hackathon Participation** – participated in a college-level hackathon and built a MERN-based project within 24 hours, showcasing teamwork and problem-solving skills. Jun – Aug 2024
